# Village of Haskins

2024 Solid Waste and Recycling Guide

**Dear Residents of Haskins Village,**

WM looks forward to providing the Village courteous and dependable waste and Recycling service.

We look forward to helping Haskins Village stay clean and green.

**Automated Trash Collection Program For The Village**

WM is transitioning to fully automated service for the safety and efficiency of our drivers. The trash and recycling service will be collected in the 96 or 64 gallon wheeled cart. The very small 35 gallon cart and recycling bin will no longer be used for collection as the automated truck is not able to pick them up. If you have one of these the WM team will be replacing them over the next few weeks on collection day. Excess trash will be limited to 2 trash bags outside of the 96 gallon cart service. The 65 gallon cart service is for low volume seniors and all trash needs to be inside the cart. All recycling needs to be broken down and placed inside the 65-gallon recycle cart.

**Holidays**

If a holiday falls on or before your collection day (Monday), collection will be delayed by one day that week only.

New Year’s Day | Memorial Day | Independence Day

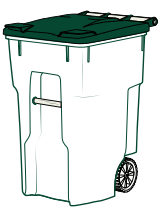

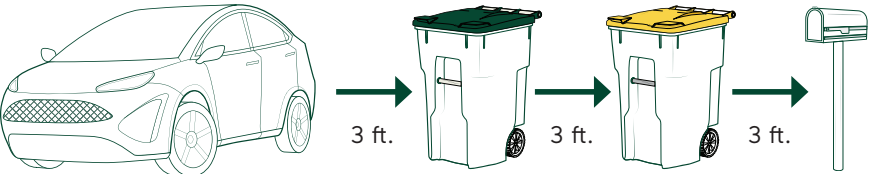

Labor Day | Thanksgiving Day | Christmas Day

**Waste Collection Guidelines**

Residential waste pickup will be provided to the entire Village once per week on Monday. With automated collection, cart placement is important. Please make sure you observe the cart placement guidelines to keep your collection service running smoothly:

**Cart Placement**

Place your carts at least 3 feet apart and 3 feet away from any obstacles (trees, cars, mailboxes, etc.) to allow the automatic arm to lift and empty the carts. Place the wheels of the cart toward your house.

**Bag and tie your trash.** All trash must fit inside your 96-gallon green trash cart with a closed lid to control pests and litter.

Have your cart at the curb the night before or by **7 a.m. on your collection day**. Remove your cart by the evening of your service day.

**Service Levels**

In order to maintain recycling the Village is subsidizing half of the cost and all service includes recycling collected in a 64 gallon cart every other week. There are three levels of Trash service to choose from and recycling is part of the service package.

- **Standard Service 96- gallon cart** \$16.60 per month.
- **Senior 96-gallon cart** \$14.14 per month
- **Low volume Senior 64-gallon cart** \$12.52 per month.
- **All service comes with the 64-gallon recycle cart** \$3.45 per month.
- **Additional Trash or Recycling Carts** are available for \$3.00 per month.
